

AMFA Members,

This past Thursday and Friday a hearing was held in Dallas as part of the ongoing Arbitration process concerning Ken Hackett's discharge. This closes the record on the matter. Now going forward, briefs will be generated and submitted to the arbitrator, who will ultimately issue a ruling on the dispute.

I would like to thank all of those who selflessly involved themselves in this process. I would especially like to thank the many Honorable AMFA Mechanics who stood up to tell the truth in defense of our Brother. In addition, I want to thank our attorneys, Lucas Middlebrook and Nick Granath whose in depth preparation and passion for this matter resulted in an aggressive and effective defense of our brother, Ken Hackett.

As we look forward to a ruling from the arbitrator, I would ask that you keep Ken in your thoughts. And I would ask that each of you dedicate yourself to looking out for one another. As the Company continues its aggressive actions towards our group, I would remind you that we must stand as one in defense of our fellow mechanics.

You are the backbone of the Association and now is the time to stand strong and unified.

Thank You.
